D.O. No. K-11014/14/2017-UPA (FTS No. 3146371)

Dated 1st November, 2017

Dear

As you are aware that the Ministry of Housing & Urban Affairs is implementing DAY-NULM since September, 2013. Now, the Ministry has decided to introduce healthy competition among the States/UTs and ULBs through a ranking system namely SPARK which stands for Systematic, Progressive, Analytical & Real-time Ranking.

2. Under SPARK, the parameters have been categorized into input, output and outcome type for every component of the scheme. The idea is that in the present year higher weightages will be assigned to the input parameters which will gradually move towards outcome and output parameters in the coming years depending on the stage of implementation of the scheme. SPARK provides real time ranking by capturing data from the NULM MIS entered by the ULBs. A concept note regarding the SPARK ranking system is enclosed and it can also be accessed from www.nulm.gov.in.

3. It is needless to say that ULBs should enter data regularly and if possible daily so that their actual achievement gets reflected in the ranking. Therefore, I request you to instruct SULMs and ULBs to take necessary steps for making the MIS database up-to-date.

4. The Ministry further plans to take this ranking to the level of Urban Local Bodies so that the interse ranking of the cities within the State as well as across the country can also be viewed and necessary steps can be taken to handhold cities which are not doing so well. To make it possible, the States need to disaggregate the targets given for the State to the level of ULBs and communicate it to them. The Ministry has already communicated the State/UT-wise targets under various components vide letter dated 2nd June, 2017.

5. I wish your State good luck for performance in the SPARK ranking system. I also take this opportunity to request you to issue necessary instructions to the SULM/ULBs in this regard.

With regards,

Yours sincerely,

(Sanjay Kumar)
